

Individual Report

My Contribution

My contribution to the team is mainly in three aspects: one is to take part into discussing the progress of the project and the research process, the second is to independently complete the part B of the project, including various methods of feature vector extraction and classification, and the third is to provide personal reports to score with teammates and give a presentation.

Team Contribution

Sun Yihan part A

Kong Hanxun part B

They finished the work and completed the task very efficiently and did an excellent job

Mark

Sun Yihan 100%

Zhang Xudong 100%

Kong Hanxun 100%
